EDUCATION

B.Tech in Information Technology, Gayatri Vidya Parishad College of Engineering (CGPA: 8.94/10)
2024 – 2028

Intermediate, Narayana Junior College, Kandukur (93.1%) 2022 – 2024

EXPERIENCE

Research Intern, IIIT Kottayam May 2026 – Present

- Working on resource orchestration and scheduling for large-scale data processing frameworks.
- Contributing to resource allocation, benchmarking, and performance optimization in distributed environments.

TECHNICAL SKILLS

Languages: Java, JavaScript, C

Frontend: HTML, CSS, React, Tailwind CSS

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Tools: Linux, Git, GitHub, Postman, Figma, VS Code

Coursework: Data Structures Algorithms, DBMS, Operating Systems

PROJECTS

ClubVerse – Smart College Club Event Management Platform

- Building a full-stack platform for managing clubs, events, registrations, and announcements through role-based dashboards.
- Developing REST APIs, authentication workflows, and MongoDB schemas for users, clubs, events, and registrations.

Real-Time Network and System Monitoring Dashboard

- Developed a distributed dashboard for monitoring CPU, memory, disk, and network metrics in real time.
- Implemented WebSocket-based streaming, multi-system monitoring, and live performance visualizations.

Typing Speed Test Web Application

- Built an interactive typing platform with real-time WPM, accuracy tracking, and timer-based evaluation.
- Implemented dynamic quote generation and instant performance analytics using JavaScript.

EXTRA CURRICULAR AND LEARNING ACTIVITIES

- Participated in college-level hackathons and collaborative software development events.
- Actively building full-stack applications and strengthening problem-solving skills through DSA practice.
